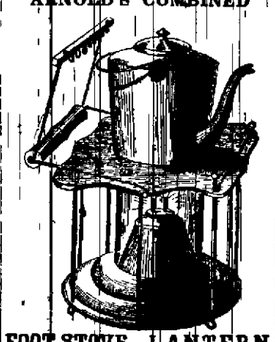
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN, —AND— NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county the above valuable invention, is now prepared to offer them to the public

As a FOOT STOVE, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time

In fact, the various purposes to which this neat apparatus can be put may be readily conceived by every one. No further description is required, as no one can misunderstand its general utility To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves

The Contemplated Attack upon the Judiciary.

The leaders of the alliance have permitted their better judgment to become so far blinded by partizan hostility, by passion and vindictiveness, *(but yet longer by a desire to influence the decision of the Sheriff question in full Court)* as to determine upon a serious movement for the removal of Judge Davis from the bench of the Supreme Court, by that most arbitrary and obnoxious of methods—"address" by a partizan Legislature to a partizan Governor, either of whom would remove every Judge upon the bench who is opposed to them in politics, without any pretence of cause whatever, if the Constitution allowed them to do so. Removal from office by address of the Legislature, although permitted by the Constitution, is justly considered the most odious of all modes of procedure, because, in partizan times, the address of a mere majority of the Legislature is just an address of the opposing party leaders, to a party Gov. for the removal of a political opponent,—and nothing more; and is an attack upon the independence of the Judiciary. This method has consequently been but very rarely ventured upon in any State, and never before, we think, for an honestly held *opinion*. The power has never been exercised, nor before attempted to be exercised in this State, and we think but once or twice in Massachusetts, many years ago, and then for actual and gross misdemeanors or incompetency. The attempt to remove Judge Loring by this method, last year, was one of the most unpopular actions of that Legislature, and the *refusal* of Gov Gardner to comply with that address, (although Loring's action in executing the Fugitive Slave Law was justly odious to three-quarters of the people) gave him more strength than any other act of his administration, and was, undoubtedly the cause of his re-election.

But we commenced this subject simply to introduce the following strong sentiments upon the policy of such a removal, from a source which has generally been considered the most ultra and unscrupulous of all the elements of the coalition. The article is from an Augusta correspondent of the Portland Expositor, and contains warnings, *from a friend*, to which the party in power would do well to give heed.

The following is taken from the Expositor of March 5th

"I fear the Sheriff question has not yet been relieved of its difficulties. As much as I desired for one, the installation of Gov Wells as Chief Magistrate I do not say I think his course on this sheriff question has been most politic or wisely advised. The most serious offence of the Morrill legislature grossly against the sober convictions of the popular mind, was found in the levity with which judicial tribunals, not subservient and suited to their fanatical notions, were swept away and new courts and new judges of a time-serving character, were created. It was this that shocked and horrified most the grave sensibilities of the people. They like to see a stable, and an independent and honest judiciary. It is not only the sheet anchor of justice, but of personal security to the citizen.

Now the repeal of Courts thus injudiciously created, the people are prepared to see, and as a necessary vindication of outraged principles. But *a disregard of the Constitutional provisions for settling grave questions of law for executive and Legislative guidance, was not anticipated among the measures for which the new State Administration was to be sustained*, and it looks as if invading all that there was of weakness and folly in the preceding administration. It was not enough, that Gov Wells deemed himself a better jurist than Judge Davis and his colleagues on the bench combined, and therefore, would settle for himself all doubts of Executive power and duty. It was required of him, by the common respect of our people for a constitutional judiciary, that in the Executive Department he would bow at all proper times and in all constitutional modes, to the appropriate tribunals of the judiciary as the sole expounder of the law in case of conflict and doubt, and even acquiesce in their decision, although believed to be unsound. The responsibility of this would have rested upon our forms of government, not upon the Executive individually. The Chief Magistrate's glory should consist in submission to the law, and in case of great doubts, *his appeal should be made, to relieve himself and office of responsibility, as contemplated by the constitution*, TO THE CONSTITUTED JUDICIARY. In this we advise, in my judgment, that indeed Gov Wells not to do so in the matter of the Sheriffalties, &c.

But it is said the Legislature will displace Judge Davis from the Bench, if he refuses to recognize the Governor a Sheriff and deputies. Well this may be. But, LET THE LEGISLATURE BE WELL ADVISED, ERE THEY COMMIT A STEP SO FATAL to the peace of the State—so fatal to the independence of the Judiciary. My idea is, if the friends of Gov Wells, desire to to see Judge D re-made the next Governor of Maine let him be prosecuted for his honest judicial opinions, and be made Governor in despite of party drills. The people are, not fond of violent measures—however in favor of decided measures. The distinction between the two is far more easily felt and appreciated by them, than expressed. The masses are *instinctively* right. Their intellect and superiors are only so by logical deductions from premises which may, or may not be correctly assumed. Such, at least, is the teachings of my philosophy.

This is the way it is proposed to delude the old Jacksonites into supporting the Philadelphia nomination

FOR (the) PRESIDENT,
ANDREW JACKSON
donelson,
OF
TENNESSEE
AMERICAN [illegible] CANDIDATE.

Port Ads

We learn by the Gardiner Transcript, that last Thursday evening, the parsonage house and barn, belonging to the Methodist Episcopal Church in Richmond, were destroyed by fire.

DAMARISCOTTA.—An entire Republican ticket was elected.

In answer to numerous inquiries we would state that the Republican State Convention for nominating a candidate for Governor will be held at Portland about the first of July next.

Star Chamber Outcome.

The Legislature adjourns that Judge Davis is to be *heard in defence* on the 28th inst; but the same majority has been caucusing on this case for several weeks, and trying and determining the matter in advance. In secret meetings, sessions they have predetermined the cause and by vote resolved in substance, to remove him—and now these prejudging men, with their minds fixed and their purpose avowed, pretend to offer to him an opportunity to be heard in his defence. What would be said of a jury who were sworn to try causes, if they should, days before the trials came on in court, go into secret Caucus and there determine the guilt or innocence of the accused parties and then go through the mockery of a pretended trial in open court.

The Legislature is the tribunal to try the accused, and what kind of a tribunal is that, where the jurors have already settled their verdict, before the accused has opened his mouth. In the smallest causes, jurors are asked if they have formed any opinion in relation to any part of a case, and if they have, they are set aside—and yet, our State Star Chamber comes in as jurors, from their secret chamber and assume the position of honest, impartial and uncommitted triers. What tribunal of the inquisition or of the darkest despotism ever equalled this! This is but one feature in this drama of tyranny and violence.

[For the Bangor Whig and Courier.]

The Dexter Election.

MESSRS EDITORS.—On Monday last, the citizens of Dexter assembled at the Town Hall, for the purpose of choosing town officers.

The party lines were never drawn closer, or more hard labor expended to carry the election; and it has been set down by the democrats as almost an absolute certainty, that the victory would be theirs. During the past week, no pains have been steadily pested by the "unterrified democracy," urgently calling for a meeting of the Know Nothings, and announcing that Ned Buntline would be in town previous to the election; manifestly, to give the impression that the contest was to be on Native American issues, and thereby weaken the strength of the Republican party.

After the trap was sprung, horrid to relate, one of their nominees for Selectmen, an Ex-Know Nothing, was discovered to be the only victim of their over-reaching zeal.

Chose for Moderator, Nathan Wyman, Republican.

Votes for Town Clerk stood, for

Palmer McCrillis Republican,	208
J F Wetherell, Democrat,	183
Scattering,	1

At this stage of the proceedings, a part of the flooring gave way, precipitating some two hundred and fifty men into the room and cellar below. After a few minutes of most horrible excitement and suspense, the last man had been taken from the ruins, and contrary to all expectations, it was found that, in the terrific crash and fall, no one had been killed or seriously injured. Four or five only were unable to attend the adjourned meeting on Tuesday morning, and their absence made no difference in the result of the election. Many, however, made their appearance badly maimed.

Strait Whigs came out from the unexpected fusion somewhat crooked, many Democrats experienced the practical workings of "Squatter Sovereignty," and not a few Republicans, in their attempts to smile at their victory, distorted their bruised faces into all shapes but that desired.

The result of the balloting, on Tuesday, was as follows:

1st Selectman—A S French, Rep. 215
A F Partin, Dem 169
Democrats astonished, but not dismayed.

2nd Selectman—L Cutler, Rep. 221
G M Borough, Dem. 140
Scattering 6
Democrats look hard at their allies, the Strait Whigs.

3d Selectman—Samuel Keene, Rep 212
Eben Murch, Dem. 145
Democrats rally a little, but appear slightly down in the mouth.

Treasurer—Nathan Wyman, Rep. 203
B Jenkins, Dem. 122
Democrats, at the announcement of this vote, looked meditative. One of them made an abortive attempt to whistle.

Town Agent—N. Wyman, Rep 174
B Jenkins, Dem 41
Scattering 3
Democrats here lost their identity, melted dissolved, evaporated.

Sup. School Committee—C. M. Herring, Republican, unanimous.

Col. of Taxes—Wm. Shepherd, Rep.

I think the balloting for the 1st and 2d Selectmen, may be considered as a very correct test of the relative strength of the two parties. The result of the election thus given us new courage; we feel strong for the contest of the coming fall.

The vote in Dexter, last fall, was 210 Republican and 221 opposition.

The Republican State Committee, under the rule to name committees where none have been appointed by convention, have appointed the committee for the 5th Congressional District, composed of the counties of Penobscot, Piscataquis and a portion of Somerset: John S. Hayward, of Bangor, Lyndon Oak, of Garland, Samuel W. Hoskins, of Oldtown, George A. Kimball, of Athens, C. N. Gower, of Monson. The Congressional Convention will probably be held at Exeter Corner about the thirteenth of August next, and from what we can learn from all parts of the district, we have no doubt there will be a unanimous expression in favor of the re-election of our present able, faithful and useful representative, Hon. Israel Washburn, Jr.

The Convention to choose two delegates to attend the National Convention to nominate a candidate for President and Vice President, will probably be held at Exeter about the seventh day of May.

False pride always springs from a low origin, and is generally nurtured by ignorance.

KENDUSKEAG, March 17, 56.

The administration party, or "alliance" with the assistance of a few "*traitors*" and by extraordinary exertions carried our election. They even went so far as to reject the names of such men as Dr. Isaac Case, Capt. Moses Hodsdon, Col. D K Nason and others, the revision of the Jury Box, because they did not vote for or with them, thereby subjecting the town to the expense of another town-meeting. Such proceedings need no comment. The contingent expenses of the town for the past year, was about $242, leaving $400 and over in the treasury. Fifty dollars was recommended to be raised in addition, making near $500, to meet the contingent expenses for the ensuing year, yet the new "Father" call strenously for another hundred. Reader, well and be wise.

A VOLCANO IN ARKANSAS. The Arkansas True Democrat states that a veritable volcano has been discovered in Scott county in that State. It says:

A gentleman from Scott county tells us that on Christmas day, a hunter, while attempting to cross Deer Creek Mountain, found the top of the mountain to be on fire, vomiting smoke, and through the fissures in the sides emitting volumes of vapor. The hunter whose name is Gipson, says that for the space of several acres around the top the trees are dead or dying, evidently destroyed by the heat at their roots, and the trees apparently withered during the summer. At night the mountain can be seen for miles, the smoke then giving a lurid light.

About eighteen months ago a report of explosion was heard in the vicinity of the now burning mountain, and no doubt but that the volcano then first appeared and has been forming and growing since.

Within the last fifteen years several eruptions have occurred in this and adjoining counties, but were not much noticed, being in the mountains and remote from settlements.

There is no doubt from the character of our informants, that the burning mountain in Scott county is really a volcano, and it is very probable that the mysterious noise heard lately had some connection with it.

SHOCKING.—Mr Friedlandt, the baggage agent on the Seaboard & Roanoke Railroad, at the time of the late accident, says:

The mail car took fire first, and so rapidly did the flames progress, that in less than twenty-five minutes thereafter the train was reduced to a heap of smouldering ruins. Mr F says he distinctly heard and recognized the voice of young Dougherty, the Mail Agent, also of young Octavius Cooke, who pleaded most piteously to be released from their horrible situation. There was no axe at hand to cut them loose, nor could a bucket be obtained to throw water into the burning car, so he said he hat, and poured in the water until the flames became so intense, he was compelled to desist—He says the cries of the victims were indescribable, and the recollection of them can never be effaced from his memory. He thinks it probable that Capt Kirkeldy and young Charles Carey were severely stunned or killed outright, by the terrible plunge of the car, as he heard nothing from either of them.

Special Despatch to the N Y Tribune.

WASHINGTON, March 16, 1856.

The Kansas debate will continue for several days. Messrs Galloway, Howard, Helsey, Buffington, Ohio, Campbell, Grainger and Watson are yet to be heard. Douglas is openly announced as a candidate in the Presidential election, and he have himself that the name will be before the Cincinnati Convention. Fillmore is not a Catholic, as reported, but is of Huguenot descent, and was long since confirmed as a member of the Episcopal Church. Letters favoring his nomination are flowing in from all quarters. His friends urge four points in his favor: he is a new man, fresh from the people, his past life shows him to be possessed of backbone; he is opposed to Slavery aggression and in favor of Free Territories, and he favors the Pacific Railroad. Banks declines the nomination. Seward is earnestly advocated by many persons, but it is doubtful whether he will accept. McLean, Chase, Hale and Wilmot all every one is. "Success to principles rather than men."

DEATH FROM RUM.—A gentleman of Northfield, writes us the circumstances attending the death of a young man in a neighboring town, who was literally murdered by rum.—The case is only one of thousands that occur yearly in the land showing the terrible effects of the liquor traffic. LEGISLATURE OF MAINE.

SENATE.

TUESDAY, March 18

The Senate proceeded to the consideration of a resolve to carry into effect a resolve of 1850, in relation to a permanent school fund.—All after the word "Resolved" stricken out and a substitute made. The Resolve appropriates 2-3 half township of land to the common School fund. The resolve was passed to be engrossed.

Bill, an "act to establish a Board of Agriculture," was read a second time and on motion of Mr. Heagan, laid on the table.

HOUSE.

Bill to incorporate the town of Waite from the plantations of Waite and Tallmadge, came up by assignment.

Mr Duren of Edens, moved to amend by striking out Tallmadge plantation.

The amendment was then rejected, 27 to 59, and the bill passed to be engrossed.

Passed to be enacted—Bill respecting elections in cities.

Mr Foster of East Machias introduced a Resolve relating to the collection of debts due the Land Office.

On motion of Mr. Wedgewood of Cornish, the resolve was laid on the table, and tomorrow assigned.

BARNUM IN COURT.—Mr. P. T. Barnum was on Friday put under examination before Judge Hoffman, in Chambers, relative to his property, at the suit of Cushing & Co. who have obtained judgement against him. He stated that the sale of the museum was a *bona fida* one, he bought it for $12,000, and sold it for $24,000 to Messrs Greenwood & Butler. The amount is to be paid in equal instalments. He expressed his willingness to do anything the Court ordered, if in his power, to discharge his liabilities. He stated that in June last, he was worth $500 000 above all his liabilities, he had spent $50,000 per annum in Bridgeport, where his real estate was principally situated. He agreed to accept and endorse the paper of the Jeromes to a little over $300 000. He returned to do so, as he supposed, for renewals, but to his amazement, he found his name on their paper to the amount of $454 000.

The amount of mortgages and judgements on his New York property was $141,600, the furniture, plate, &c., at Iranistan, were sold for $2000.

The assets in his possession at present were $31,500 Crystal Palace 1st mortgage bonds; 678 lots in Cypress Hill Cemetary, a bond against H D. Beach, for $12 000 for money placed in his possession in California, also a claim against Duncan, Sherman & Co., for some $17 000 growing out of Owen D Mann's injunction against the Crystal Palace.—*N Y Mirror.*

DESTRUCTIVE FIRE IN BOSTON.—About 1 o'clock Tuesday morning, fire was discovered in the brick warehouse No 2 Commerce street, occupied by Dorr, Procter & Co., dealers in produce, A & A Jacobs, dealers in provisions, and the Shawmut Sugar Refinery for a store. The fire spread with rapidity, and all of the valuable stock in the five stories, was completely destroyed, or rendered valueless by water. The fire was principally confined to the tenement which it burst out, but breaking through to the next store in the east, occupied by Bingham, Joy & Co. and Charles Landed ers in provisions, and Hyde & Hathaway, commission merchants collected some damage.

The loss is estimated at about $60,000 but it is nearly covered by insurance. The origin of the fire is not known.

NEW YORK, March 18.

A Key West letter of March 10th, says, it is reported that both the Panama and Nicaragua lines will make Key West their depot—Charles Morgan and Co. of New York, are soon to run an opposition boat to San Juan from New York. This line will call at this place. Havana advices of March 10th, state that the British ship of war "Powerful" had arrived there with orders to unite all the English and French naval forces stationed in the Mexican Gulf, and to start immediately for the South.

NEW HAMPSHIRE.—The New Hampshire Statesman has returns from all but six towns, which foot up as follows: Metcalf, 31 398; Wells, 31 776; Goodwin, 2 498. The Representatives elected foot up 186 Democrats to 187 opposition, and eight Americans and four Democratic Senators have been elected.

A Funny Shopping Excursion.

With some women, shopping amounts to a passion. On Tuesday last, Mrs. Emmeline Doutret, of Prince street, entered one of our Broadway dry goods stores for the purpose of purchasing a few yards of delaine. While the clerk was looking up the delaine, the lady put into her muff a roll of lace, a remnant of silk, and a package of kid gloves. She did this, as she supposed, unseen by the clerk. Whether she was right in the surmise, remains to be seen hereafter. The delaine was brought to her, she pronounced it just the thing, and requested the clerk to cut off nine yards. He did so. Mrs D then purchased six skeins silk, and four spools of cotton.

"Having completed my purchases, be so good as to tell me what my bill is," Mrs. D said this to the clerk. The clerk replied

"Certainly. There are nine yards of delaine, at two shillings per yard; come to eighteen shillings, six skeins of silk comes to one and a-pence, and four spools of cotton are one and fourpence, and there is that piece of silk—"

The lady blushed and said, "You refer to the piece in the muff." The clerk said "Yes" and went on with his figuring just as if nothing had happened.

"There are four yards in that, which at ten shillings a yard come to forty shillings."

"Ten shillings a yard! Why, you told me yesterday that I might have it, for six."

"I know that but since then we have had *reasons* for putting up the price."

The lady bit her lips, blushed and said, "well." The clerk smiled and went on.

"And there is the ball of lace—eighteen yards at fifty cents."

"Why you must surely be mistaken in that. Fifty cents! Why, I can buy lace equally good at Stewart's for eighteen cents."

"I grant it, madam, but, as I said before, there are *reasons* why we should place a high price on the peculiar pattern."

The lady gave him a look and again replied "Well."

The twelve pairs of kid gloves are twelve dollars."

"Nonsense—Beck sells the same kind for five shillings."

"That only shows, my dear madam, that Beck does not know his customers. But you see that we do."

The lady again gave him a look and again said "well."

The clerk said "that, I believe, is all."

The lady said she could think of nothing else. In doing this, however, we fear she fibbed. For if we are any judge of faces, she was all the while thinking of the police office and an exposure. The clerk having asked her if she "were sure there were nothing else," and being answered in the negative, he went to the desk, with his items, and in a few moments returned with a bill amounting to $29,89.—The lady gave one more look, but paid it. Having done this, she retired with promptness and reached home in less time on Tuesday than on any former occasion. Mrs D. is a fine looking woman, and is considered one of the best dressed females in the city, but she complained upon high price for dry goods.

Holloway's Ointment and Pills is infallible remedies for the Salt Rheum. Edward Jackson of Galveston Texas suffered incessantly for four years with Salt Rheum and was so far that for four or five months at a time he was compelled to keep his bed and the doctors told him candidly that he need never expect again to be well. Finding this to be the case he dismissed them, and commenced using the Ointment and Pills. These fine remedies soon made such an improvement in his health that he was enabled to resume his occupation, and by continuing them for a short time, he was restored to his blessing of health which he has enjoyed ever since.

ARRIVAL OF THE

PERSIA.

AT NEW YORK.

NEW YORK, March 20.

Steamer Persia from Liverpool, on the afternoon of Saturday March 8th, arrived here at 8 o'clock this morning. No intelligence of the Pacific has reached England. The Persia and the Quaker City arrived at Liverpool together Sunday morning, 2nd inst. Both steamers were detained off the Bay some hours, for want of water.

The Quaker City sailed from Liverpool at 10 o'clock on the night of the 4th. The Quaker City took out a report of the signing of the preliminaries of Peace but subsequent information would imply that the plenipotentiaries had merely appended the names to the preliminaries. She also conveyed the speech of the Emperor Napoleon to the Legislative Assembly, in which he speaks in cordial terms of the English Alliance, and stated that while he hoped for peace, it was necessary to be prepared for the worst.

The Persia brings nothing to add to the above excepting a general rumor that negotiations proceed satisfactorily.

SECOND DESPATCH.

The Conference.

Nothing, in reality, is known of the proceedings of the peace negotiations. The Emancipation Belge publishes a communication purporting to proceed from Paris, which says, the first points were at once decided on Thursday, but the discussion on Saturday was represented to be very warm, and was so, in fact between Baron Brunow and the English plenipotentiary, during which, Count Orloff remained quiet. But at last he broke his long silence, and said as follows: "Peace must be restored to the civilized world. We are all great enough to pass over certain details. It was I who made the treaty of Adrianople, and to me it belongs to propose the rectification of the frontiers proposed for Bessarabia and for the Asiatic provinces, and adhere to the condition about re-establishing the fortress of Bomarsund, and neutralizing the Isles of Aland shall be submitted to no one. There is no difficulty; as to Nicolaieff, and we give up, without comment, the cession of Kars to our ancient and faithful ally Turkey."

Lord John Russell goes on to say:—This language caused, as well it might, a profound sensation. So profound that the Plenipotentiaries remained silent—no doubt with joy. One of them closed his utterance (all until to say, "Answered as agreed, let us sign." The signatures were at once affixed, and the Plenipotentiary took his hands and passed.

The anticipation until the 30th, that on the following day, (Monday,) the Emperors speech would contain the announcement that peace was made.

The Independance does not enter so much into details, but maintains its assertion of the Plenipotentiaries having signed, and also states that the Emperor's speech would contain the important announcement.

The stories regarded in Paris as similar to those concerning the sinking of Sebastopol, and has given rise to the creation of *Canard a la Tartare*.

Despatches from Berlin speak of a similar feeling existing, and it is suspected that a combination exists both in Paris and Brussells, for the manipulation of news, with a view of Bourse speculations.

Crimea.

Deserters from the two armies had met to discuss the details of the armistice.

Baltic.

On Tuesday, March 6th, it is stated that two Russian war steamers, accompanied by three gunboats, went out of Sweaborg by breaking the ice. These steps have appeared in the Finland.

Commercial.

Liverpool Cotton Market. The market shows a business of 64,000 bales during the week with sales of 8,000 on Friday, the day preceding the sailing of the Persia. Middling and fair descriptions maintained their full prices of last week, but lower qualities continuing to arrive freely, and being freely offered, were slightly cheaper. Quotations were for fair Orleans 6 3-4; middling 5 6-16; fair Mobile, 6d.

Breadstuffs declined considerably during the week, but on Friday a better feeling was manifested. Provisions were generally unchanged.

Lard quiet.

Naval stores steady at unchanged prices.

Rice unchanged, but rather more doing.—Sugar receipts checked dearer. Coffee quiet, but firm.—American stocks are steady and without change. The weather continues favorable for farming operations. Money continued dear.—Canada was quoted for money at 9½.

The papers relating to the fall of Kars have been laid before Parliament and published in a Blue Book. They embrace the whole subject of the war in Anatolia, the defence and fall of Kars, the conduct of Lord Stratford, the proceedings of the allied Generals and the policy of the allied governments. The Book discloses some singular circumstances.

LATEST.

In France 140,000 young soldiers of the class of 1855 have been called out for active service.

The allied fleet has been notified to be in readiness for the blockade of the Russian ports on the expiration of the armistice.

Ship James Baines has arrived at Liverpool, with 90,000 ounces in gold from Melbourne.

LIVERPOOL, Tuesday, March 4.—*Breadstuffs*.—The buyer's circular reports that wheat had declined 6 @ 8d since the opening of the week without leading to much business. Other circulars report the same, but mention a rather better feeling on Friday, and give quotations for red wheat about 9s a 10d. Philadelphia and Baltimore flour 34s a 35s; Ohio 35s a 36s; mixed corn, 32s; white and yellow not in demand.—Corn meal nominal.

Provisions.—Beef, in moderate retail demand at last week's prices. Pork quiet, one lot prime Eastern, sold for 84s. Bacon scarce. Fine arrivals would fetch 50s a 52s. Lard steady.—Sugars active at 6d advance. Coffee steady.—Rice unchanged. Rather more doing.

THIRD DESPATCH.

Congressional.

WASHINGTON, March 20.

SENATE.—Mr. Douglass took the floor in reply to Mr. Trumbull, and said he regarded his colleague opening the debate the other day as a violation of that parliamentary courtesy which gives the chairman of a committee the privilege of the opening speech. Among other points in the report of the minority on Kansas affairs, he referred to the charge that the legislature of Kansas was a spurious body, elected by fraudulent and illegal votes, and that the people of Kansas were invaded and conquered by armed Missourians. Mr. Douglass said it was admitted, that there was illegal voting in seven of the districts, and that in these districts Mr Reeder denied the members certificates for that reason, but in the other 15 districts there was no protest and no proofs of illegal voting. Then admitting, for the sake of argument, the allegation true as to the seven districts, there was a clear majority of the legislature legally elected. Hence their acts were binding. The majority report shows the fact that after the legislature assembled at Pawnee and organized, a resolution was adopted by which every person whomsoever was authorized to contest the right of any member holding a seat on giving due and proper notice to the sitting member.—This was more than three months after the session. If people were so much intimidated as it has been said, it is to be supposed they would have recovered from their fright in the course of three months, but in that time no man was found who desired to contest the seats of any of the fifteen members, and it was universally admitted that the fact that Governor Reeder had given them certificates was conclusive regarding the legality of their election. Mr. Douglass charged the minority with suppressing evidence in order to make out a case. The minority report declared the Topeka convention justifiable, on the ground that under a clause of the constitution people might assemble peaceably for a redress of grievances. Mr. D. characterized the Topeka convention as an act of rebellion. It resulted in bloodshed. The crime would be high treason, and traitors ought to be hanged.

Mr. Trumbull replying, said he had learned most of his democracy from Mr. Douglas, and little thought at the time that he was cherishing the Black Republicanism with which Mr. D. had charged him. He (Mr. Trumbull) was sitting at the people's gate, and would not bow down and worship his colleague; and if on the scaffold erected by Mr. D. for him, he found another hanging, it would not be his fault. As to the absurd proposition of his colleague, that both should resign their office, he had only to say that the people had recently sanctioned him (Mr. T.) first by electing him their representative then Senator. That certainly is a modest proposition. Let the Senator himself resign, and if after going back to his constituents he should be re-elected, Mr. T. would join him in resigning, thus they would stand on equal terms.

The people of Illinois stand on the Democratic platform erected by the aid of Mr. Douglas and others in 1850. The proposition to resign reminded Mr. Trumbull of the unsuccessful client in court, who, having lost his cause, was ready and asked for a new trial. Mr. Trumbull maintained that the Kansas legislature was fraudulently elected and said,—

"My colleague speaks of hanging traitors, and I think they may be found without going to Kansas. If the people there committed error was it not in consequence of falling into my colleague's lead. Has it not been proclaimed on the majority report that the people shall settle their affairs in their own way. If they have committed error no one has been more instrumental in bringing it about than my colleague Mr. D.

Mr. Trumbull, in allusion to personal contentions between members, said, which questions are before this body, threatening civil war and bloodshed, questions of the issue of which the peace and happiness of 30,000,000 of people are at stake, and the course of Republicanism throughout the world involved, with what insignificance do these petty squabbles sink. As a member of the Senate I hope I shall never be drawn into them again.

On motion of Mr. Hale the resolution was adopted enquiring of the President whether the boundary line according to the treaty with Mexico in 1853, had been established, and whether the remaining $3,000,000 had been paid, and to whom.

Mr. Seward submitted a substitute for Mr. Douglas' bill to provide for the admission of Kansas as a State.

Mr. James of R. I. reported a bill for the prevention of frauds in the collection of the revenue, and for other purposes. Mr. J. in explanation of the bill avowed himself an advocate of free trade as far as it can be carried out in conformity with the legitimate laws of trade and consistently with the common interests of the country. The bill does not propose a tariff embracing duties imposed for the purpose of protection. It is framed on the principle of reducing duties on foreign imports to a proper revenue standard; in other words, to raise a revenue adequate only for the actual wants of the Government, no more no less may be devised.—The articles embraced in the bill are separated into four classes.

Class A consists only of spirituous liquors, which are to pay a duty of 30 per cent. advalorem.

Class B embraces all articles now paying a duty of 30 per cent. and over except spirituous liquors, together with one or two articles which now pay 25 per cent. This comprises most of the articles of foreign manufacture which enter into general consumption.

Class C is free. The list includes raw materials for manufacturers, mechanics, etc., produced either not at all in this country or to a great extent.

Class D is composed wholly of articles not enumerated in either of the other lists taxed with a duty of 20 per cent.

It will be seen that this classification very properly discriminates between the rich and the poor, by so arranging the duties that the heaviest taxes will fall on the luxuries and elegancies of life, and the lighter on the cheap comforts and the necessaries which enter into general consumption, and are used by the laboring classes.

He said the bill, if adopted, would effectually check the immense frauds practiced by unprincipled importers. He also showed its importance generally, not the least of which is that it will relieve manufacturers, mechanics and artisans from onerous taxes on the materials necessary for their business, which not being produced in this country to any possible extent, and some of them not at all, they are compelled to import from abroad. Such relief would do much to enable them to meet foreign competition in our market, as it would much reduce the cost of production. Not desiring to detain the Senate he would proceed to the remainder of his remarks. Adj'd to Monday.

The Search for the Steamship Pacific.

SANDY HOOK, March 20, 5h P. M.

There is no probability of the steam propeller Arctic finding in near enough to board her to-night. She is under all sailing gear now. She sent a report of her cruise ashore at the Highlands, and after making some inquiries again proceeded to sea. She has been cruising between Sable Island and latitude 47, but saw no vestige of the Pacific, or any other wreck. All well on board.

Washington Matters.

WASHINGTON, March 20.

It is said that Brazil has refused to ratify a treaty which had been made at the city of Assumption between the Brazilian minister and Paraguay. Brazil being unwilling to concede that Paraguay has any title whatever to the rights which she thus pretended to concede concerning the navigation of certain rivers, and which rights Brazil maintains she already possesses. Paraguay, it is well known, has long been in communication with the United States proposing to open various rivers intersecting the Amazon, in return for certain advantages which she wishes to obtain for herself from this country. Recently Brazil has made a statement in relation to the transactions between the Brazilian Government and Paraguay, in order that our Government may not be misled in any contemplated treaty with Paraguay or the bordering States of South America, none of which can by any possibility confer commercial advantages without the sanction of Brazil.

One hundred thousand copies of Senator Wilson's speech on the Kansas question have already been ordered, besides a large number of the speeches of other members of Congress on the same side of that question, and the territorial reports of Senator Douglas will probably have as large a circulation.

Although the Speaker has not yet announced the appointment of a committee to investigate Kansas affairs, generally it is agreed that it will consist of Messrs. Dunn, Hickman and Oliver of Mobile, or Mr. Letcher. The two last have been suggested to the Speaker by prominent Democrats. There are at least thirty candidates for Clerk to the Committee.

Cheap & Convenient Building.

Door, Sash and Blind Factory.

A. DUNLAP

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for good dwelling-houses and other buildings to be erected in this city the coming season. He has excellent workmen employed and has superior stock, so that he is now able to supply to those about to build the best article of Door Frames, Window Frames, Sashes and Blinds made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is much lessened by having these articles made separately, so that the carpenters have only to put them in their places in the strictest form.

This business has become so well systemized that only a small margin is left in knowing before hand the cost of a dwelling-house, while the work is of a uniform excellent quality.

Any one interested can examine specimens of the work at the factory near the Rose Place, or at the store of M. Sargent, Jr. & Son, on Exchange st., and at either place any article may be obtained or large quantities procured.

Mr. Dunlap is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and by determined perseverance of the subscriber, he is now enabled to suit his customers, both in quality and price, and so well organized as the business that no man should now think of building in the old and slow and imperfect methods.

Carrying the United States Mail.

5th and 20th of each Month.

Reduced Prices 100 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamships will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers without any extra expense. This is the only line giving entire Through Tickets, including meals, on the Isthmus.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated

Universal Cough Mixture

Is a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED SOLELY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

With the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and *everywhere* its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged. In especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which occasions coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.

Bowdoinham, Me., January, 17th, 1853.

Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham, had the desired effect—in my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

Bear Cub—Every family in the Universal Cough Mixture which you left with me, I sold—and I have several applications for more. As far as I heard from, all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, purchased one large bottle, and before he had taken the third, he was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES.

From Mr. Fletcher Chuck, agent for North Dixmont, Maine.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several wife had a cough of a year's standing, and others have been doctored at times without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

Thorndike, Me., January 11, 1854.

Rev. Walter Clark. Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining the least relief. Happily your Universal Cough Mixture was recommended to me, by one called a bottle, which began to take according to directions on the label, by which in a few days I was entirely cured.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing,

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It eradicates out the very roots of the diseases, driving out all the diseased fluids of the body; thus removing the cause, and readering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient, to a perfect state of *Health and Purity.* And as a medicine which must benefit everybody from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,
—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, Exposure and Impurities of the System, Chronic Constitutional Disease arising from Impure State of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that, it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

Those medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently imperfectly made, and not unfrequently much impaired, if not rendered totally inert, by the ingredients and unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the inventor, that the medicine should be under the preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most suitable form for their exhibition. The experiments have resulted in the production of it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are prepared to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonsfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5
" Sarsaparilla " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 16, 1855, says: "I was taken sick one year ago last April, upon my passage from Havana to Charlestown, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately. This was about 10 o'clock, at 6 o'clock I took the first dose, and another at 8 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of only one bottle of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking only one bottle, she is enjoying better health than she has for years.—She has had no pain in her side or in any part of her body, and attributes her cure entirely to the German bitters.

Salmon Brook, Aroostook Co., Me.

You should hear in mind that these Bitters are entirely vegetable, thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and storekeepers generally—and by J. S. Ingraham; Bangor; W. B. Morrell, Dexter; E. B. Fuse Lincoln.
